

INTERNSHIP ANNOUNCEMENT

THE PROGRAM

PST/Danbred has developed an internship program committed to providing unique experiences for college students in the pork industry. We have created a 12-week paid summer internship program (May to August 2009) for students to explore production, leadership and research opportunities in a modern pork production system.

WHAT WE OFFER

- Practical, hands on experience
- Opportunity take ownership of and implement a research project (Optional)
3 College credits and a \$1500 stipend to offset tuition available with completion of research project. Contact John Sonderman for full details.
- Professional leadership development training
- Opportunity to work with a team and learn from respected leaders in our business
- Opportunity to learn about all aspects of swine production including nutrition, feed mill production, environmental control, along with boar stud, sow, nursery and finish farms

WHY APPLY?

Our internship program is tailored to a student's particular interest in the swine industry. We truly care about each student and strive to exceed their expectations of what they want to get out of the internship. No prior swine experience is required; we are looking for students with great attitude and a desire to learn about the high tech food industry. South Dakota State University student and 2008 PST/Danbred Intern, Charles Stango said this about his intern experience,

"This was one of the most beneficial experiences I have ever had has allowed me to get a better understanding of the industry as a whole. From what I have heard about other swine internships, the PST/Danbred Internship was 100 times better."

HOW TO APPLY

Applicants who are at least of Junior standing and currently seeking a Degree or Diploma in Agricultural Science or related field should send a cover letter, resume and three letters of reference to Crystal Klug at crystalk@pstdanbred.com or for more information call 402-564-0407 ext. 308. For additional information about the research projects, contact John Sonderman at 402-563-9644, ext. 296.

Application deadline is March 2, 2009.
